4. Scoring Rubric & Level Definitions

Rating Level	Code	Performance Criteria	Recommended Action / Focus
Developing	D	Shows initial attempts at movement; lacks fluid coordination or requires assistance/frequent restarts.	Focus on basic repetitive practice games and foundational motor skill drills.
Competent	C	Performs the skill independently with age-appropriate balance and control; occasional minor missteps.	Maintain regular active play and introduce multi-step agility obstacle courses.
Advanced	A	Demonstrates excellent form, high consistency, rhythm, and exceptional balance above age benchmark.	Introduce progressive physical challenges and sport-specific foundational skills.
